2. 4 AUSSIE HEROES FOUNDATION LIMITED

The 4 Aussie Heroes Foundation exists to aid and support those military and first responder personnel, past and present, who are struggling and suffering with PTSD and related mental health issues as a result of their service to our Nation and our Communities.

This is being achieved primarily by way of best practice, short term live-in, rehabilitation programs of varying lengths, being delivered in a rural environment which is relaxed and calming, and where rehabilitation and guidance will have maximum long-term benefits.

The 4 Aussie Heroes Foundation's vision is to establish a rural Retreat called "Camp Courage" on a beautiful 32 acre rural site in the Scenic Rim, gifted to it last year, with construction to commence before this year's ride.

In addition to rehabilitation, Program Participants will benefit from the most meaningful, enjoyable, and safe experience possible. Recovery, a better quality of life, and improved future prospects, are outcomes earnestly sought for them.

The 4 Aussie Heroes Foundation's rehabilitation model is holistic, unique (in Australia), and innovative.
